

Regulation on support measures for proposal preparations for research proposals (co-)funded by the European Union

—

Year 2024

Updated in December 2023

Preamble

To consolidate the position of its higher education institutions within the European Research Area, the Wallonia-Brussels Federation (WBF) has decided to grant, in 2024, higher education institutions a subsidy to encourage their researchers to participate in European research programs.

The present regulation describes the support measures that will be implemented within the ULB. For each measure, it defines the conditions of granting and specifies the application procedure.

The nature of the measures and their conditions of granting will be reviewed for subsequent years in the light of the decisions of the WBF. However, applications may be submitted for expenses incurred in 2025. Decisions of the Bureau du Conseil de la Recherche concerning applications with financial implications beyond 31 December 2024 will however only be implemented by the Research Department after confirmation of the extension of the agreement between ULB and WBF for the calendar year 2025.

General framework

The support measures described below are cumulative¹. They are granted per project and not per applicant. The Bureau du Conseil de la Recherche may, however, limit this cumulation to ensure equity among all ULB researchers regarding access to support measures.

Applications must be submitted electronically to the Liaison Office (Cellule Europe) of the Research Department (ulb-europe@ulb.be) or to the service responsible for the programme concerned by the measure (sebastian.seiffert@ulb.be for the International Relations Service and stephanie.nemeghaire@ulb.be for the Knowledge Transfer Office). An acknowledgement of receipt will be sent on receipt of the application.

Applications are assessed by the Bureau du Conseil de la Recherche. The results are announced electronically by the EU Liaison Office (Cellule Europe) of the Research Department as soon as possible.

To be covered after the granting of one of the support measures (consultancy, proofreading, meeting costs), all invoices must comply with the rules of public procurement (<https://portail.ulb.be/en/public-procurement-procedure>) and be chargeable to year 2024.

Non-submitting a project that has benefited from a support measure must be duly justified to the Liaison Office (Cellule Europe), which will forward the information to the Bureau du Conseil de la Recherche to be taken into account when evaluating a subsequent application.

Specific measures

1. Marie Skłodowska-Curie Actions Postdoctoral Fellowships (MSCA-PF)	3
2. European Research Council Grants (ERC)	3
3. Preparation of a European collaborative project (e.g. MSCA-DN, Clusters, EIC, Co-funded programs, Erasmus+, EuropeAid)	5
Annexes	7

¹ A cumulation with support measures having the same purpose from a different source is not allowed.

1. Marie Skłodowska-Curie Actions - Postdoctoral Fellowships (MSCA-PF)

The granting of maximum one-year funding to MSCA-PF candidates who have applied with the ULB as beneficiary institution, and who have not been selected by the European Commission, but have obtained the "Seal of Excellence" (score above 85%). Candidates must be eligible to re-apply to a MSCA-PF on the next call.

- The candidate will have to use this year to resubmit his/her project to the MSCA-PF call.
- This funding will be replaced as soon as possible by the MSCA-PF funding if the applicant obtains this funding.
- In addition to the hiring costs, an envelope of 5,000 € will be added for operating costs dedicated to scientific activities to enhance the proposal. This amount will be allocated to the host laboratory or research center.
- This measure can only be granted once per applicant.
- In case of non-submission of the MSCA-PF, the funding will end at the end of the month of the call deadline.

Documents to provide	Submission date
See Annex 1 for the form to complete and documents to provide. Additional document(s): <ul style="list-style-type: none">• "Seal of Excellence" certificate (available on the Funding and Tenders Portal of the European Commission);• Written approval from the ULB supervisor (an email is sufficient).	Upon the receipt of the results of the MSCA-PF call.

2. European Research Council Grants (ERC)

2.1. Coverage of buy outs (substitutions for courses, not for "Travaux pratiques"), at a maximum of 60 hours², for applicants to ERC calls to enable them to submit an application or to participate in the European Commission's interview. The buy outs period must correspond to a coherent period in terms of preparation of the application/interview.

Documents to provide	Submission date
See Annex 2 for the form to complete and documents to provide.	Requests may be submitted throughout the year and at the latest 2 months before the call deadline, and are subject to sufficient time for the implementation, or at the time of notification of the invitation to the interview.

² The number of hours is calculated on the basis of the "theoretical hours" officially referenced. This information is available on the Banner platform and can be accessed by the faculty's secretary or via the following email address: programmes.sage@ulb.be

2.2. The granting of a bridge contract (“contrat-pont”) to candidates applying to an ERC Starting or and ERC Consolidator Grant who no longer have a research contract ³.

- To benefit from it, the candidate must have a research contract with ULB (an FNRS mandate included) for **at least 2 years, ending within 3 months before the call deadline, or after the call deadline**.
- The bridge contract may cover a maximum period starting 3 months before the deadline for the submission of ERC applications. If the proposal is not submitted, the bridge contract ends about one month after the deadline. Justification for not submitting should be provided to Cellule Europe.
- The bridge contract will end about one month after the publication of the results of the 1st stage of the evaluation. These months will be used to explore other funding opportunities.
- If the application passes the first stage, a **new bridge contract** will be established until about 1 month after the results of the 2nd stage evaluation.
- If the project is funded, a **new bridge contract** will be established until the contractualization of the project (2-3 months)
- In addition to hiring costs (salary or fellowship), an envelope of 5,000 € for operating costs will be dedicated to scientific activities that enhance the proposal. This amount will be allocated to the host laboratory or research center.

Documents to provide	Submission date
See Annex 1 for the form to complete and documents to provide. Additional document(s): <ul style="list-style-type: none">• Proof of current contract.	At the latest 1 month before the call deadline, and is subject to sufficient time for the implementation.

2.3. Coverage of consultancy, proofreading or translation costs up to maximum 4,000 € (VAT included).

Documents to provide	Submission date
See Annex 3 for the form to complete and documents to provide.	At the latest 1 month before the call deadline for the call concerned.

2.4. The granting of an envelope⁴ of 60,000 € to candidates who have not been selected for ERC funding but have passed the first stage of the evaluation (2nd stage of the evaluation for ERC synergy). This budget will be used for research purposes.

Documents to provide	Submission date
Contact the Liaison Office (Cellule Europe) for payment details (ulb-europe@ulb.be).	Upon receipt of the results of the 2nd evaluation stage (3rd evaluation stage for ERC synergy) and upon invitation of the Vice-Rector for Research and Innovation.

³ A researcher can benefit from this measure only once within the ULB.

⁴ This point does not apply to applications to an ERC POC.

3. Preparation of a European collaborative project (e.g. MSCA-Doctoral Networks, Clusters, EIC, Co-funded programs, Erasmus+, EuropeAid, COST Actions, ...)

3.1. Coverage of buy outs (substitutions for courses, not for “Travaux pratiques”), at a maximum of 60h² if coordinator, and at a maximum of 30h² if beneficiary partner. The buy outs period must correspond to a coherent period in terms of preparation of the application (budget, role, etc.).

Documents to provide	Submission date
See Annex 2 for the form to complete and documents to provide.	Applications can be submitted throughout the year and at the latest 2 months before the call deadline, and is subject to sufficient time for the implementation.

3.2. Assistance with the proposal preparation, either through consultancy (3.2.1) or through the hiring of a team member (3.2.2)

3.2.1 Coverage of consultancy fees (max. 30,000 € (VAT included) if coordinator and max. 4,000 € (VAT included) if beneficiary partner). The amount allocated will be proportional to the involvement of the researchers in the project.

Documents to provide	Submission date
See Annex 3 for the form to complete and documents to provide.	Applications can be submitted throughout the year and at the latest 2 months before the call deadline.

3.2.2 Coverage of the costs of hiring a team member (a post-doctoral fellow for example) whose activities will benefit the preparation of the application (only if coordinator and maximum 3 person-months in total). The hiring period must correspond to a coherent period in terms of preparation of the application.

Documents to provide	Submission date
See Annex 1 for the form to complete and documents to provide.	Applications can be submitted throughout the year, at the latest 2 months before the call deadline, and is subject to sufficient time for the implementation.

3.3. Coverage of proofreading and translation costs (only if coordinator and max. 8,000 € VAT included).

Documents to provide	Submission date
See Annex 3 for the form to complete and documents to provide.	Applications can be submitted throughout the year and at the latest 2 months before the call deadline.

3.4. Coverage of meeting organization/participation costs (max. 5,000 € if coordinator and max. 500 € if beneficiary partner).

Documents to provide	Submission date
See Annex 3 for the form to be completed and documents to be provided.	Applications can be submitted throughout the year and at the latest 1 month before the call deadline, subject to sufficient time for implementation

3.5. Coverage of the 4th PhD year in the framework of Marie Skłodowska Curie Actions - Curie – Innovative Training Networks and Doctoral Networks⁵ if ULB is a beneficiary.

- The number of contracts will be limited to two per project, at the discretion of the supervisor.

Documents to provide	Submission date
See Annex 1 for the form to complete and documents to provide.	Applications should be submitted by the ULB supervisor between 6 and 3 months before the end of the contract.

3.6. Collaborative project on a reserve list. An envelope of 20,000 € if coordinator (provided that the minimum budget of ULB is 200,000 €) or of 5,000 € if beneficiary partner (provided that the minimum budget of ULB is 50,000 €) will be granted to the candidates whose project is not selected for funding but is on a reserve list.

Documents to provide	Submission date
Contact the Liaison Office (Cellule Europe) for payment details (ulb-europe@ulb.be).	Upon receipt of the results of the evaluation.

⁵ Subject to the extension of WBF funding for the year in question.
