## **II- B.: SUBMISSION OF APPLICATION**

#### Article 7

The Credits and Projects call is opened once a year and is published on the F.R.S.-FNRS website.

The application can be submitted in French or in English. It must only be submitted on [e-space](#), the online platform dedicated to the calls for proposals.

All IISN applications are submitted to a procedure including successive electronic validations on the dates that will be indicated when the call is published.

- The validation by the main promoter, responsible proponent accountable to the F.R.S.-FNRS administration: it accounts as a confirmation that the application file is complete.
- The validation by the co-promoters (if any): it accounts as an electronic signature.
- The validation by the research administration (or Board of Education) of the institution to which promoters are related – the Authority to which the application file is transferred once promoters have validated the application form. This Authority may accept or refuse the application. The validation deadline set for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

**No further change or modification** can be made in the proposal after the validation deadline set for the main promoter.
